

A10 Networks Strengthens Renewal Targeting Through Market Wavegen's Precision Delivery

Powered by SIRS™, Intelligent Database ABM™, and Mantech Mark™ Validation Workflows

Campaign Type: Renewal Insights + Sales Enablement

ABOUT THE CLIENT

A10 Networks is a global cybersecurity and application delivery solutions provider serving enterprise and service-provider environments. Their offerings include application security, traffic optimization, and secure access solutions.

The campaign focused on identifying renewal-ready enterprises across strategic U.S. regions.

AUDIENCE PROFILE

The campaign supported A10's regional and enterprise-focused teams, including roles involved in:

- Demand generation
- Sales development
- Field sales
- Renewal operations

Market Wavegen's support on our recent campaign was outstanding. Their precise analysis and smooth execution helped us align perfectly with our goals and move forward with greater confidence."

-Manager, Demand Generation, A10 Networks

ABOUT THE CONTACT

The engagement was led by A10 Networks' Manager of Demand Generation, responsible for supporting regional sales efforts and renewal-focused targeting.

THE INITIATIVE / CHALLENGE

Core Questions

- How do we surface renewal-ready enterprises with accurate timelines?
- How do we support field reps with region-specific renewal intelligence?
- How do we maintain accuracy while fulfilling fast-turnaround data requests?

The Initiative

A10 Networks wanted to improve access to renewal intelligence and deliver validated regional samples to empower sales teams with targeted, time-sensitive insights.

The Challenge

A10 needed:

- Accurate company-level renewal signals aligned to strategic timelines
- Regional segmentation that matched field-rep territories
- Rapid delivery of renewal samples on request
- Consistent data precision across multiple cycles

WHY MARKET WAVEGEN

A10 selected Market Wavegen for its:

- Proven capability in renewal intelligence delivery
- Speed and precision in surfacing renewal timelines
- Ability to respond fast to rep-driven requests
- Strong communication and delivery consistency

DECISION FACTORS

- Accurate renewal-cycle identification
- Region-specific segmentation
- Fast-turnaround sample delivery
- Renewal validation through Mantech Mark™

OUR APPROACH

Campaign Type: Renewal Intelligence + Validation Program

Frameworks Used: SIRST™, Intelligent Database ABM™, Mantech Mark™ Renewal Checks

EXECUTION SUMMARY

1 Delivery Alignment

- Delivered renewal samples aligned to regional sales territories
- Matched renewal timelines to field-rep requirements

2 Quality Enhancement

- Verified renewal timing and technology alignment
- Ensured accurate regional classification
- Mapped renewal insights to sales-ready formats

3 Feedback Integration

- Integrated rep-driven inquiries (e.g., SF Bay Area request)
- Updated selection criteria based on team feedback
- Adjusted targeting to sharpen relevance

4 Timely Communication

- Fast responses to sample requests
- Clear and consistent delivery notes

PROCESS FLOW

KEY TACTICS

- Renewal-cycle scoring
- Region-level segmentation
- Feedback-based refinement
- Structured delivery windows

CAMPAIGN RESULTS

Metric	Result
Renewal Sample Turnaround	Delivered within 24 hours
Regional Accuracy	Verified SF Bay Area segmentation
Sales Alignment	Rep-driven requests fulfilled
Engagement	Improved targeting relevance
Feedback Adoption	Integrated quickly into workflow

IMPACT SUMMARY

- Sales teams received renewal-ready companies they could act on immediately
- Renewal insight delivery strengthened regional outreach efforts
- Faster iteration increased internal confidence
- Communication efficiency improved

SUCCESS NOTES

- The Demand Generation Manager highlighted precision and responsiveness
- Renewal-specific inquiries were met with rapid turnaround
- Regional samples matched field-rep follow-up rhythms

“Prompt and precise in providing company renewal data — their service has been instrumental in targeting our sales strategies effectively.”

— A10 Networks

OUTCOME SUMMARY

ABOUT MARKET WAVEGEN

Market Wavegen supports B2B teams with verified data, signal-driven workflows, and structured delivery.

Our approach blends quality checks, smart targeting, and fast communication to help sales teams work stronger pipelines.
