

Adobe Enhances Renewal Strategies Through Market Wavegen's Technology Insight Delivery

Powered by SIRS™, Intelligent Database ABM™, and Mantech Mark™ Validation Workflows

Campaign Type: Renewal Insights + Key Accounts Enablement

ABOUT THE CLIENT

Adobe is a global digital experience and creativity solutions leader trusted by enterprises worldwide. Their teams rely on rich data visibility to strengthen renewal planning, improve customer retention, and support strategic account programs.

The campaign focused on delivering technology renewal intelligence tailored to

AUDIENCE PROFILE

The campaign supported Adobe's key account and renewal-focused teams, including roles involved in:

- Account-based marketing
- Renewal strategy
- Key accounts management
- Customer success alignment

"The provided data insights have greatly enhanced our technology renewal strategies, demonstrating a distinct and valuable service feature."

-Marketing Manager, Key Accounts, Adobe India

ABOUT THE CONTACT

The engagement was driven by Adobe's Key Accounts Marketing Manager, responsible for renewal-focused analysis and strategic account insights.

THE INITIATIVE / CHALLENGE

Core Questions

- How do we capture technology renewal timelines with greater accuracy?
- How do we support key account teams with verified renewal insights?
- How do we deliver intelligence that strengthens renewal strategy execution?

The Initiative

Adobe wanted to access precise technology renewal insights to support account planning, increase visibility across customer lifecycles, and elevate renewal strategy effectiveness.

The Challenge

Adobe needed:

- Accurate renewal-cycle detection for key accounts
- Insight delivery tailored to renewal strategy use cases
- Fast access to actionable renewal data
- A repeatable workflow for technology insight sourcing

WHY MARKET WAVEGEN

Adobe selected Market Wavegen for its:

- Proven strength in technology renewal intelligence
- High accuracy in identifying renewal timelines
- Ability to translate renewal data into strategic account value
- Strong communication and rapid response cycles

OUR APPROACH

Campaign Type: Renewal Insights + Validation Program

Frameworks Used: SIRST™, Intelligent Database ABM™, Mantech Mark™ Renewal Checks

EXECUTION SUMMARY

1 Insight Identification

- Identified technology products approaching renewal
- Mapped renewal cycles according to Adobe's account needs

2 Quality Enhancement

- Verified renewal timelines through multi-step validation
- Ensured clean, structured, ready-to-use insight formats
- Mapped insights directly to renewal workflows

3 Feedback Integration

- Integrated Adobe's strategy requirements
- Refined insight categories based on team feedback
- Adjusted delivery depth for key accounts

4 Timely Communication

- Fast responses to sample requests
- Clear and consistent delivery notes

PROCESS FLOW

KEY TACTICS

- Renewal cycle mapping
- Account-aligned segmentation
- Technology insight validation
- Structured delivery windows

DECISION FACTORS

- Distinct renewal-signal capability
- Validated technology insights
- Smooth collaboration with key account teams
- Reliable and consistent data delivery

CAMPAIGN RESULTS

Metric	Result
Renewal Insight Accuracy	High validation confidence
Strategic Alignment	Improved renewal planning
Insight Utilization	Adopted by key accounts team
Data Responsiveness	Praised for relevance and clarity
Collaboration	Ongoing insight expansion planned

IMPACT SUMMARY

- Adobe's teams gained clear visibility into renewal timelines
- Technology insights strengthened renewal planning
- Insight delivery improved internal decision-making
- Communication and collaboration enhanced operational confidence

SUCCESS NOTES

- Renewal insights were recognized as a unique differentiator
- Adobe praised the precision and usefulness of the data
- The team acknowledged strong value in ongoing renewal intelligence

"Capturing the technology renewal is a really unique feature of your services. Thanks!"

— Marketing Manager, Key Accounts, Adobe India

OUTCOME SUMMARY

Stronger visibility into renewal cycles

Better renewal strategy alignment

Smoother account lifecycle planning

Reinforced trust with Adobe's key accounts team
